

I am an Oleh Chadash from South Africa and have had the pleasure of working with Regev for all my insurance matters since we made Aliyah in July 2009. At all times their service, help, advice and attitude has been exceptional at all levels of the business. Unfortunately I have had 2 vehicle accident claims and 1 personal loss claim in the period we have been in Israel, however due to the incredible service (and lots of help in English with the Hebrew) our claims were dealt with quickly, efficiently and most important – to our full satisfaction!

I would not hesitate to recommend Regev to anyone, and would certainly encourage Olim to use them as their insurance brokers – these guys are good!
